To all WMC friends,

World Malayalee Council German province is very happy to inform you that WMC is now a single entity. We cannot tolerate any more split or factions in WMC. WMC German province has taken the following decisions:

1. Elections to German Province will be held on 16 May 2016.
2. We request all provinces and Regions to complete their elections before 31 July 2016.
3. German Province authorized Mr. Jolly Thadathil and Mr. Mathew Jacob to communicate with the global and regions.
4. The global conference and Global election as usual will be held in Europe, after completing the proper provincial and Regional elections.
5. We request all individual members to refrain from email wars. If anyone have suggestions or questions we can discuss together and find a way to solve the issue whatever it is.
6. All opinions must be reported through the provincial and regional secretaries. If anyone has a different opinion, please discuss it in the Province and take a common decision.
7. We have to bring back peace and love by implementing discipline, order and law in WMC.

We request all our friends to stop individual comments and criticism. Please discuss your opinions and suggestions in the province and take a common decision.

With warm regards

Jolly Thadathil
