

World Malayalee Council

Registered in Europe

21.08.2016

Alfter/Germany

World Malayalee Council members were delighted with the news that the last ten years of division is coming to an end when few members of two factions on December 1, 2015 made their unity declaration.

As per the unity decisions the members and leaders from all WMC regions called for a General Council meeting (General Body meeting of WMC members) on August 4th 2016 from 9 AM till 7 PM in Mascot Hotel, Trivandrum. This General Council meeting of WMC members called by the members, for the members with 90 day notice is absolutely based on democratic principles and WMC bylaws. 141 members of WMC from 31 provinces across the globe attended the meeting of the General Council.

The General Coucli decided to conduct our 10th Biennial global conference on 21 to 23 August in Europe.

Meanwhile some disappointed old leaders, who want to hang on power have decided to conduct a separate World Malayalee Conference in Bangalore
The World Malayalee Council general council declared that all the decisions made by few individuals to conduct

Global conference in Bangalore is null and Void and according to WMC it is illegal.

Now the dissidents are trying to make split in all Regions offering global positions and trying to collect maximum amount of money before they quit WMC. WMC will not be responsible for the money collected by them or and wanted to collect

The General Council appeal to all WMC loving members not become a prey under hands of these people.

Let us all make together our global conference in Europe a big success.
